THIS WEEK'S PROGRAM...

Our program this week has been arranged by Jim Chalk.

Thanks **last week** to Vickie Mabe for her very interesting program on the Mercy Ships. Although we have heard from speakers from the ship before, this was the first time we have actually known and heard from someone who has been on and is going on the ships again. Vickie will be leaving in the next few months to pursue her calling to minister to those less fortunate. We can be proud of people like Vickie and to that end, the club is to be commended for lending financial support for the project. Great program,

Vicike,
and good luck!
Keep us posted.

Don't forget to notify Bill Ward as soon as you line up the program you are scheduled for. We would like to get it in the bulletin the week before your date. Call Bill at 727-2251 days or 247-5734 nights.

THINGS I'VE LEARNED IN LIFE.....

I've learned that you cannot make someone love you. All you can do is stalk them and hope they panic and give in...

I've learned that one good turn gets most of the blankets.

I've learned that no matter how much I care, some people are just jackasses.

I've learned that it takes years to build up trust, and it only takes suspicion, not proof, to destroy.

I've learned that whatever hits the fan will not be evenly distributed.

I've learned that you shouldn't compare yourself to others - they are more screwed up than you think.

I've learned that depression is merely anger without enthusiasm.

I've learned that you can keep vomiting long after you think you're finished.

I've learned to not sweat the petty things, and not pet the sweaty things.

I've learned age is a very high price to pay for maturity.

I've learned that I don't suffer from insanity, I enjoy it.

I've learned that we are responsible for what we do, unless we are celebrities.

I've learned that artificial intelligence is no match for natural stupidity.

I've learned that the people you care most about in life are taken from you too soon and all the less important ones just never go away. And the real pains in the ass are permanent.
