Mayor Says Morehead City On Sound Footing

Jim Gregson's guest speaker last week was Gerald A. "Jerry" Jones, Jr. Jerry was elected Mayor of Morehead City in November, 1999. Prior to his Mayoral election Mayor Jones served as a member of the Morehead City Council for four (4) years. He was recently re-elected to his fifth 2-year term. He is a native of Morehead City and is CEO of BJ Associates of Morehead City. Jerry talked about the current status of Morehead City and gave a brief overview of the city's plans for the future. He said Morehead City was on sound financial footing and would weather the recession.

TONIGHT'S SPEAKER Sonny Geer has the program tonight. His guest speaker is Colin Falato. Cohen is an Emergency Response/Project Manager for HEPACO, Inc. a leading environmental, emergency response and domestic preparedness firm in the eastern United States. His responsibilities include managing the Raleigh, NC branch office, coordinating emergency response to hazardous materials incidents and pursuing remediation and industrial service opportunities in Eastern North Carolina. While working to expand the reach and capabilities of HEPACO's Raleigh office Colin has managed over 100 emergency responses and scheduled projects, including one 4-month, multi-million dollar emergency response and clean-up.

Colin received his Bachelor of Science degree from the College of William and Mary. During that time he also worked in a molecular immunology lab, taught numerous Red Cross Health and Safety courses and volunteered as a firefighter/EMT. After working for two years as Director of Health and Safety Services for a Red Cross Chapter in southeast Virginia, he returned to academia where he attained a Master of Science degree in Safety with a concentration in Emergency Management from the University of Tennessee, Knoxville. While pursuing his graduate degree Colin interned in the environmental engineering department of a leading international auto parts manufacturer, supported the development of a county-wide all-hazard mitigation plan and worked as an assistant to the University's Radiation Safety Officer.

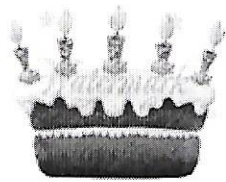

Colin has over 7 years of experience in the emergency management field. This experience includes Emergency Response, Emergency Planning, Hazardous Materials Handling, Exercise Coordination, Health & Safety Training, Emergency Medicine and Firefighting. He is experienced in a wide variety of contaminants and contaminated media associated with industrial, remediation, hazardous waste and other emergency response services.

Rick Johnson Urges Club To Support RYLA

"District RYLA is scheduled for January 29-31, 2010 at the Trinity Center in Salter Path. Applications are due December 31, 2009 to Chair Phil Panzarella. Last year 100 delegates received training in leadership development. This is a great opportunity for the Morehead Club to sponsor one or two high school juniors for an event that could change the course of their lives. I urge all members to support RYLA."

The 4-Way Test, found below, was created in 1932 by Rotarian Herbert J. Taylor and is one of the most widely quoted statements of business ethics.

The Four-Way Test

1. Is it the TRUTH?
2. Is it FAIR to all concerned?
3. Will it build GOOD WILL and BETTER FRIENDSHIPS?
