Lesley Mason, Director Carteret County Public Library system, was our guest speaker last week. She spoke of the many services currently being provided and some future services being planned. Topics included the following:

- How library system is managed now since library is not part of regional system.
- The Craven – Pamlico – Carteret Regional Library card is still recognized; however, some information may need to be updated.
- There are no fees for overdue books.
- Lesley had 3 books to be removed as an example of how she decides what books should be purged.
- Approximately 20,000 of the 70,000 residents of Carteret County have a library card. Lesley is working to increase library use.
- Future plans include video games to check out.

Rotarians learned things they didn't know about our county library system and appreciate Lesley sharing her evening with us.
