Johnny Thompson – Munden Funeral Home

The passing of a loved one is a stressful time, but some of the anxiety can be alleviated by advanced planning. Johnny talked about his experience in the funeral industry and the importance of pre-arrangements, even prepayment. Many questions need to be answered just to get a death certificate: full name, date of birth, birth place including county, social security number, parents' full names including mother's maiden name and DD24 for those in the military. This can all be recorded early.

Other questions: cremated or buried? In a plot or structure or scattered? Funeral service or memorial service? Who will officiate? Will there be music? What selections?

You can make your personal desires known with a little time and effort now, and Johnny gave each of us a booklet to aid in getting the information together.
