Last Week

Brian Boyette was responsible for the program which was given by President Dean since Brian was away on a business trip. Dean informed us about the FUMC Costa Rica Mission Project whereby several local people went to Costa Rica this past July to help build a 3rd classroom to a day care facility and improve the day care's landscaping to minimize erosion.

Dean provided details relating to who went, what they did, associated costs, and planning for a future trip. Rotarians enjoyed the viewing of a picture video created by Waylon Bell. The video was set to contemporary Christian music. The pictures captured the mission team's daily activities, local wildlife, plants, and beautiful landscape.

This Evening

David Bradley has arranged for Chris Vinson, pastry chef at the Island Grill Restaurant & Bar, and Lindsay Rasfeld to tell us about their exchange program trip to Paris. They were selected for this exchange program from the culinary curriculum at Carteret Community College where they were students.

Even though enormous funds and expertise and technical support come from different sources public private and huge donors like The Bill & Melinda Gates Foundation Rotary is truly a bold witty and passionate spearheader of how and volunteer to the hot fields. This is commendable. Despite the milestone in polio eradication RI & Rotarians should maintain humility, humaneness and gratitude to all the bundle of committed wallet dispensers and experts and numerous donors who aren't non-Rotarians yet show compassion in the vehemently shared purpose of wiping out polio from the earth in due time. That would be epidemiologically cute and graceful for all the 7 billion population of the world. The governments & children's gain are much more! Polio eradication will leave legacy of structures for combating other diseases and the awareness for personal & environmental hygiene and unquantifiable billions of dollars inherent in a healthy work force globally that would have otherwise been wasted or maimed or die off. Polio eradication collaboration will remain an unforgettable shared problem for which a synergy works out the solution so that global health may not be in jeopardy.

Kudos to all stakeholders and thought leaders and volunteers and hoping what Rotary spearheaded will pave way for global peace and increasing mapping out of human development cooperation through Rotary's 2nd Century of service and beyond.

ace of spades

The Ace of Spades is the most spiritual card in the deck and is the symbol of ancient mysteries. Found in the Mercury/Neptune position of the [Master Life Script](#), their ability to reach spiritual truths is more readily available to them than perhaps any other card. Coupled with ancient wisdom is ambition and drive to achieve on a material level as well. Due to this merging of spiritual and mundane, being and doing, this card may experience a conflict between the two as they attempt to achieve balance in their life.
